## Westerville Fire, Police Partner to Bring Drone Technology to Emergency Responses

BY CITY OF WESTERVILLE, ARTICLE ORIGINALLY PUBLISHED IN THE SUMMER 2019 ISSUE OF THE SUMMER RECREATION GUIDE

The Westerville Divisions of Police (WPD) and Fire (WFD) are leveraging cutting-edge technology to help improve emergency response and planning in the City.

In late April, the Divisions received two drones, the DJI-brand Matrice 210 and Mavic Pro. Bringing the technology to the City was nearly a year and a half in the making.

"A group of officers and firefighters have worked very hard to make sure we made the best decisions possible for the equipment we were purchasing and making sure we follow all applicable Federal Aviation Administration (FAA) rules and regulations," said WPD Corporal Justin Alloway, who was integrally involved in the process. "We wanted to make sure, as we venture into an area of new technology, that it's done the right way and not the quick way."

An approximately \$37,000 investment, the drones will provide a multitude of public safety benefits for the community.

"This technology allows us to do some things we have not been able to do, such as providing aerial views of buildings under construction, 360-degree views of buildings for origin and cause investigations after fires, locate fires in buildings with the FLIR (forward-looking infrared) camera during active fires and overhaul of buildings post-fire, it also gives us the ability to search large areas via the air for missing persons and provides us additional views of properties for emergency planning," said Chief Fire Marshal David Williams.

Additionally, the drones will provide a live feed to the City's Emergency Operations Center (EOC) in the event of natural or manmade disasters. This will allow the incident commander and City leaders to make fast and well-informed decisions about long and short term operations.

As a secondary use, the technology may be used in service to other City departments for photography needs. However, Westerville Fire Chief Brian Miller emphasizes

# Note from the President: Community Calls

BY CAROLYN CORDRAY, HRAA PRESIDENT

The Huber Ridge Area Association (HRAA) is our neighborhood organization. As with most neighborhood associations, the HRAA is an all-volunteer organization with its main focus enhancing our community through events, activities and programs. The HRAA has been very successful in this endeavor for the past 18 years since the group's formation. Every year the association offers and organizes economically-friendly neighborhood events.

Such events, activities and programs don't happen on their own so our organization relies on neighbors to step forward to lead and volunteer to make things happen for our association. Every fall our association solicits HRAA members to step forward to help lead our group into the future.

I have been a member with the Huber Ridge Area Association for 18 years

and for 9 of those years I have served as president. Being president of a successful neighborhood association has been a labor of love in that I did it simply because I wanted to. I wanted to live in a community that offered more to its residents. More in terms of fun things, community things, programs that benefitted our own, activities that allowed us to meet, events that kept us informed. It is now time for me re-focus my efforts and step down from HRAA leadership to support and encourage all of YOU neighbors to consider how you can make the Huber Ridge Area a better community by stepping up to lead the HRAA into the future. New and fresh leadership would not only be welcome but it could take our neighborhood on to greater things.

Oh I can't imagine stepping completely away from the association. I do enjoy volunteering my time with an organization

that not only appreciates the effort but one that benefits the community in which I live. I completely foresee me sticking with helping out with such things as the Herald newsletter (writer, distribution), block watch, annual Halloween parties, co-administrator of our Facebook group and news page, updating of the website and wherever time and energy allows.

One of the best parts about being involved with the Huber Ridge area Association is you get to meet and interact with neighbors from all over the community. Our HRAA meetings, activities, events and programs have been bringing neighbors together for many years..... won't you step up to help that continue?

## Animals & Heat

BY APRIL ZOBEL, ASSISTANT EDITOR

The heat and humidity don't just affect humans. The animals around us may also need a little help getting through the summer season.

Be sure to keep your companion animals indoor on the hottest days. Dogs can sweat only through their footpads and they cool themselves by panting. On hot or high humidity days, prolonged exposure to the outdoors or taking long walks should be avoided until there is sufficient shade.

When you do walk your dog, make sure the walking surface is not too hot for their bare paws. If you cannot place your hand on the surface without it burning, neither can they!

Never leave any animal in a parked car. Even on a relatively mild day of 75 degrees it can take only 10 minutes for the interior of a car to reach a deadly 100 degrees. Parking in the shade only slows the increase in temperature slightly

and a dog can succumb to heatstroke within just a few minutes. Luckily in Ohio it is legal break into a car to save an animal in distress. Call the police to let them know what is happening but time is critical in these situations.

In addition to supplying your own pets with clean, fresh water at all times, consider setting up a bird bath or small drinking stations throughout your yard for the birds and small mammals (squirrels, chipmunks, etc.) who visit. Be sure to clean and refill the containers regularly to reduce the risk of bacterial buildup.

Hummingbirds enjoy a light water mist and leaving your hose on the mist feature will help them and possible give you an entertaining show as they dart in and out of the water!

If you see a wild animal who looks to be in distress act quickly! Offer water for immediate relief and then call the Ohio Wildlife Center at 614-734-9453.

Vehicle Temperature			
Outside Temp(F)	Inside Temp(F)		
	10 mins	30 mins	
70	89	104	
75	94	109	
80	99	114	
85	104	119	
90	109	124	
95	114	129	

Keep the cover on your pool at all times that you are not using it. Hot animals trying to escape the heat can drown in it. Just keep those water bowls filled up for them!

If you are around working animals give them extra breaks or ask their owners to do so, especially during the hottest part of the day. You can also help them cool off with a gentle water spray.

Just keep an eye out for your furry and feathered neighbors as well as your human ones and the summer season can be more enjoyable for all of us. ■

# HUBER RIDGE ELEMENTARY

## Principal Notes

BY TYSON HILKERT, PRINCIPAL

It is that time of year again and back to school is just around the corner!

For students and families that attend Huber Ridge our back to school days are currently scheduled for 8/5/19 from 4-7 PM. During this time families can get online access to power school, fill out digitally electronic forms, pay fees, etc. and ask school staff any needed questions to get ready for the upcoming school year. Our Meet the Teacher event will be 8/12/19 from 2:30-3:30. The first day of school for students in grades 1-5 is 8/13/19. Kindergarten students will join us daily on 8/16/19. We will be hosting a curriculum night for parents on 8/29/19 at 6pm.

Over the next couple weeks back to school safety is top priority! Please have conversations with our students about using side walks appropriately, safely crossing streets, boarding/unloading from buses, etc. For us adults I ask that we be mindful of students travel between home/school while being vigilant when driving through the neighborhood during these busy times.

Looking for a way to get involved with Huber Ridge Elementary as we start the new school year? There are many different things you may consider such as joining our PTA, volunteering at the school, or contacting the main office to see what current opportunities are available. Beginning 8/16/19 we will kick off our back to school fundraiser. Purchasing an item from a student/ the school would be another great way to help support Huber Ridge!

If you as a community member have any questions involving anything related to Huber Ridge Elementary or Westerville City Schools please always feel free to email me at [HilkertT@wcsd.org](mailto:HilkertT@wcsd.org) or call the main office at 614-797-7150. ■

## From the PTA

BY KRISTY SHERWOOD, PRESIDENT

Huber Ridge Elementary is looking forward to another great school year. Did you know you can join the PTA? Anyone can join the PTA. It's not just for parents of students at school. PTA dues are \$6 for an individual or \$10 a family. Meetings take place in September, November, January, March, April and May on the first Thursday of the month at 6:30 pm in the school media center.

### First PTA Meeting of the Year: Thursday, September 5

The PTA helps purchase new playground equipment, hosts a mother/son and father/daughter event, provides a scholarship to a graduating senior that attended Huber Ridge Elementary and hosts three Scholastic Book Fairs throughout the year to name a few things. We will also be selling spring flowers again from Fortmeyer and Sons in March/April of 2020.

The PTA is always looking for volunteers to help at events. Check out our Facebook page **Huber Ridge Elementary PTA** to stay up to date on upcoming events or to sign up to volunteer through our Sign Up Genius links.

Please feel free to e-mail Kristy Sherwood at [ksherwood93@gmail.com](mailto:ksherwood93@gmail.com) or call 614-204-9597 if you have any questions. We would love to see you at a meeting or at an event. ■

## HRAA Meetings

Join us at a Huber Ridge Area Association meeting, all residents are welcome. Meetings are at 7pm on Monday nights at the Blendon Senior Center, 6330 S Hempstead Rd.

that the drones will only be flown by trained pilots, in accordance with all FAA regulations. He says a number of Westerville officers and firefighters have taken months of classes to obtain their pilot's licenses through the FAA, as well as certifications through the Federal Emergency Management Agency.

"We won't be flying these drones around randomly, we will have policies and procedures in place for each use case," Chief Miller said.

Chief Miller says it is important for residents to be aware of the new technology and its benefits. Westerville firefighters and police officers will have the drones on display at a number of Mount Carmel 4th Friday events.

"Our goal is to socialize this with the community so they're aware of it. We don't want it to be a surprise that we have this new technology," He said.

# "The Art of Paradise"

A SHORT STORY BY KATHERINE ZONNER, HUBER RIDGE RESIDENT

The sun was rising and the seagulls were flying over the sea squawking as if saying good morning. This boisterous noise didn't bother Adrienne, who had lived with this sound every morning since childhood. Adrienne loved hearing this sound because it meant that the day would be good. She rushed downstairs to the smell of fresh eggs from the kitchen. Her grandmother said "Buenos dias." Adrienne smiled and responded to her grandmother with a polite "Good morning!" and on her way out the door she took some of her grandmothers fresh bread for the birds.

Adrienne started every day by rushing down to the ocean shoreline and dipping her toes in the water. Adrienne studied the beautiful sky and how it melted neatly with the sea. She was trying to get inspiration for today's masterpiece. The gulls that had woken her hours before were now pecking at the sand and running at early rising children. Adrienne tore up the bread from her grandmother and threw it out for the gulls. Adrienne smiled as she saw the birds peck at the bread and take it away. After admiring the shoreline for an hour, she went on with her morning.

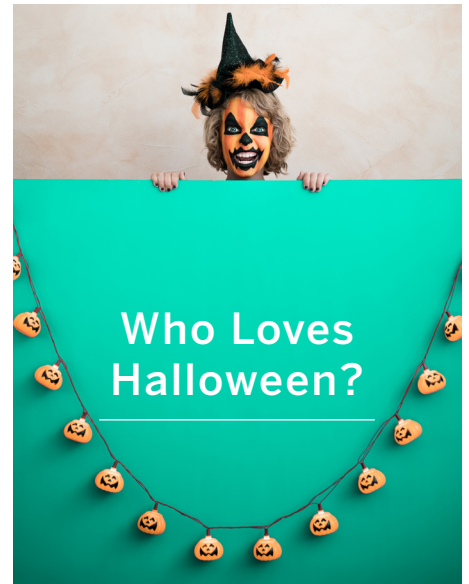

Adrienne got on her light blue bike and rode to the grocery store. Adrienne's grandmother requested the same thing every morning, lemon pound cake. When Adrienne went to the store, she got that simple pound cake and her coffee. After going to the grocery store, she went to the

art store and got some paint for today's piece.

After going to the stores, Adrienne went back to the shoreline. She sat down on a blanket she had brought and started drawing a scene. Adrienne sketched the scene and started to paint it. Later in the day, she would go try to sell her piece in the square. In the summer, this is what she did everyday. The art was gorgeous. Adrienne made the sky a Carolina Blue and the ocean was Prussian Blue. Adrienne put her painting into her bag after it had dried, and got on her bike. Adrienne rode off on her bike away from the shore to sell her painting.

Adrienne sold her painting for \$50. As she was riding home from the square, she stopped at the store. At the store, Adrienne picked up a full lemon pound cake. Adrienne brought the pound cake home to her grandmother and they celebrated her earnings together. ■

Katherine was awarded Honorable Mention in her age group in the Celebrate the Arts Writing Contest, which is sponsored by the Friends of the Westerville Public Library and ThisWeek Westerville News & Public Opinion. This is the third year in a row in which Katherine has submitted an award winning entry.

Our community's longest tradition is the Halloween Party in Ridgewood Park. For many years the residents, through the neighborhood association, organized and pulled the party together for Ridge goblins and Ghoulies. In more recent years, Blendon Township joined the party and now brings this party to our community in conjunction with the Huber Ridge Area Association.

**SAVE THE DATE!** This year's party is scheduled for **Saturday, October 19th, 6pm to 8pm** in Ridgewood Park, 5484 Buenos Aires Blvd.

This event has drawn 600+ people in the past so we clearly need help. Adult help or teen help would be ideal. So...how are YOU going to help make this year's Halloween Party fun? Planning is going to begin soon, contact Carolyn Cordray at [President@huberridge.org](mailto:President@huberridge.org) or PM on Facebook: Carolyn Emptage Cordray.

Looking forward to hearing from all of you who love Halloween! ■

## Blooms 2019:

# Success for the Gardeners and the Community

BY PAM CLEGG, BLOOMS COORDINATOR

The success of Blooms 2019 was the result of seven gardeners, four from Huber Ridge and three from Sunbury Woods, who shared their gardens with the community and the public for four hours Sunday June 30. All seven gardeners worked very hard on their garden and yard and did an outstanding job. Their properties stood out and many noticed. The success for the community is that with beauty and property improvements, all benefit. Having a free garden show in a community is prestigious and demonstrates a caring, active community.

Seven gardeners were generously rewarded for their work and willingness. This was the biggest reward year yet. In addition to place awards for first - \$100 gift card for Home Depot; second - \$50 gift card for Oakland Nursery, and third - \$35 personal check; all participants went home with a bag full of rewards for all their mighty efforts, which brings beauty and honor to their street and community.

Blooms is made possible by generous donations from Blendon Township Trustee Stewart Flaherty (also Blooms Chairman); the Huber Ridge Area Association, Inc.; Sharon Ricker; Hoover Gardens; and anonymous. Blooms is also made possible by volunteers who judge and serve on the committee - Elisabeth and Pam Clegg, Barbara Crawford, Jeff and Linda Laine, Diane and Norm Lobdell, and Sharon Ricker; volunteer photographer Hannah Clegg; and administrative volunteers - Carolyn and Eric Cordray, and Marje Obrist.

We thank our Blendon Township Police officers who visited the gardens and/or drove by. We also thank Chief Belford for his support. We thank our trustees for their support as well.

We also thank each garden lover who took time to visit the gardens.

Thanks to all residents of Sunbury Woods and Huber Ridge who take pride in your

yards because you add to the value and beauty of our subdivisions.

## Trash Issues?

One of the hot topics in the HRRA facebook group is missed trash pick-up. If you find that your trash doesn't get picked up on trash day, typically Friday except on holiday weeks, here is what you can do. You can also find this information at [www.huberridge.org](http://www.huberridge.org) under the FAQ section.

**1. Call Rumpke** to report ASAP at 1-800-828-8171. Document the date and time of the call. Also document the outcome of the call (ex. left message on voicemail, spoke to a representative who indicated someone would be out to pick up my trash in the afternoon, etc.)

**2. Email the township** to report the missed pickup with the details of your contact with Rumpke. Send email to [refuse@blendontwp.org](mailto:refuse@blendontwp.org). This email goes to the Blendon Township Administrative office where the staff reaches out to the route supervisor every time a service complaint is emailed to this address. ■
